CAPABILITY STATEMENT

Fedsight LLC is an SBA certified HUBZone small business consulting firm focused on helping organizations improve operations and program performance. Our strategic, financial, and operational support services provide insight and perspective on program performance and operational trends. Fedsight's subject matter expertise, methods, and tools enable federal organizations to accomplish objectives, effectively manage resources, and reduce administrative overhead.

SERVICE AREAS

- ▶ **Performance Management:** Manage & analyze budget, resources, strategic alignment, cost, and performance across programs and projects.
- ▶ **Budget Formulation & Execution:** View budget status and model changes and risks to aging funds. Examine budget and allocate resources.
- ▶ **Grants Management:** Identify the functional and financial composition of grants. Track key indicators and analyze performance throughout the lifecycle.
- ▶ **Contracts Management:** Understand the composition of your acquisitions portfolio. Forecast requirements and identify opportunities to reduce costs.
- ▶ **IT Portfolio Management:** Optimize IT portfolios and enable more effective management. Identify cost-reduction and consolidation opportunities.
- ▶ **Systems Integration:** Full Lifecycle development of IT projects to support the achievement of business goals, information management, and communication.
- ▶ **Human Resource Management:** Evaluate the composition and cost of your workforce, anticipate changes, and identify resource needs.
- ▶ **Data Analytics & Operational Reporting:** Rapidly report on operations and status at every level: Status of Funds, PC&B, FTE, Contract Burn, Travel, and other areas in real-time.
